Software Development Engineer III · RingCentral

Summary

Software engineer with **8+ years** in full-stack and frontend—led product UI work and built systems from early-stage through scale. Strong with **JavaScript / TypeScript, Node.js, React**, React Native, Ember, and REST/GraphQL integrations; comfortable with auth patterns including **OAuth, SSO, federated login**. Experience across **AWS** (e.g. EC2/S3), CI/CD, migrations, and DevOps-style delivery; practical **system design**, code review, team leadership, and cross-functional collaboration with PM, design, and backend. Professional **magician (10+ years)**—clear communication and calm under pressure.

Experience

Software Development Engineer III	Aug 2024 – Present
RingCentral	Bangalore, India
<ul style="list-style-type: none">Lead frontend for RingCentral Events (Hopin) — Data & Insights: org-level analytics, admin surfaces, data-apps setup, feature-flagged behavior; major initiatives such as data-apps / Marketo adoption flows.Technical lead for frontend releases; partner with PM, design, and backend on scalable, instrumented features.Code reviews, UI/UX consistency, and on-call for RingCentral Events (primary/secondary/pod rotation) as required.Drive improvements to performance, reliability, and maintainability across complex enterprise SaaS surfaces.	
Senior Fullstack Engineer · Founding team	Feb 2022 – Aug 2024
Humantic AI	Bengaluru, India
<ul style="list-style-type: none">Drove redesign and performance work on the Humantic AI Chrome extension; led migration to Manifest V3.Owned frontend systems and Node middleware end to end—features, integrations, scaling, and production support for an AI-powered B2B SaaS product.Contributed to strong revenue growth (including a ~15x phase as part of the team) during an early scaling period.Led legacy-to-modern refactors for performance and maintainability; managed EC2 and S3 in production.Improved delivery velocity with CI/CD and deployment pipelines.	
Senior Front-End Engineer	Jun 2020 – Jan 2022
HyperVue.ai (formerly Frrole AI)	Bengaluru, India
<ul style="list-style-type: none">Led frontend for HyperVue.ai (formerly Frrole AI); for ~6 months owned engineering across frontend and backend workstreams.Improved dashboard performance (large datasets, heavy charting) by over 3x and strengthened UX/UI for analytics customers.Built data-visualization with Highcharts (Frrole Dashboard) and implemented white-label / multi-tenant branding options.	
Frontend Developer	Dec 2019 – May 2020
QikPod	Bengaluru, India
<ul style="list-style-type: none">Built React and React Native interfaces for mobile and web—lockers, logistics, and operations flows.Owned frontend delivery end to end; shipped new features that improved UX and reliability across existing products.	
Software Engineer	Jun 2018 – Nov 2019
Edmingle	Bengaluru, India
<ul style="list-style-type: none">Developed and maintained the Edmingle dashboard, marketing site, and mobile app for streamlined training operations.Built the Edmingle Login SDK—with OAuth-style flows—to simplify authentication for integrated partners.Implemented REST APIs for systems integration; contributed across the stack where needed.	

Education

B.Tech (CSE)	Jan 2014 – Jan 2018
Techno India College of Technology	Bengaluru, India
Degree not completed — stopped in the final year with outstanding coursework after joining industry; practical delivery moved faster than closing academic requirements. I credit strong growth from shipping in production and mentorship; I intend to finish the degree when it fits alongside work.	

Key Skills

Frontend: React, Next.js, TypeScript, JavaScript, Redux, Ember (prior), Angular (prior), Storybook, Chrome extensions (MV3), Highcharts, HTML/CSS/Tailwind/Bootstrap. **Backend / APIs:** Node.js, Express, REST, GraphQL, PHP (prior), OAuth, SSO, federated login. **Data:** MySQL, MongoDB, Postgres. **Testing:** Jest, Testing Library, Selenium, Cypress. **Cloud & ops:** AWS (EC2/S3), Docker, CI/CD, DevOps-style delivery, Git, Linux. **Also:** React Native, software architecture, system design.
